Firefighter 2 Program.***

Washington State Patrol - Fire Training Academy  
50810 SE Grouse Ridge Rd, PO Box 1273  
North Bend, WA, 98045

## ENROLLMENT/FEES

Washington State Firefighter \$ 900

Out-of-State Firefighter \$ 1,215

### **FOOD SERVICE** \$ 163

The food service program strives to provide students with balanced meals each day. Even though students are not required to purchase meals, the Fire Training Academy recommends students utilize the food service because of time constraints. Students who prepare their own meals lose valuable study and rest time. If the request is made in advance, special dietary needs can be met.

### **HOUSING** \$ 84

Students are housed two or three students to each room. Students are not required to stay on campus, however, it is recommended.

### **PPE – Turn out gear**

Personal Protective Equipment and Protective Clothing must meet WAC 296-305-02001.

### **SCBA**

Students are required to provide an SCBA and spare cylinder with current hydro.

This course prepares the firefighter for the International Fire Service Accreditation Congress (IFSAC) certification exam.

Successful candidates will receive IFSAC certification at the Firefighter 2 level. Firefighters will receive instruction in the following:

- \* Incident Command and Size-up
- \* Technical Rescue
- \* Auto Extrication
- \* Flammable Liquid Firefighting and Foam Operations
- \* Fire Prevention and Investigation
- \* Small tools and equipment
- \* Incident Reports and Documentation

**Fire departments may be eligible for financial reimbursement from the Basic Firefighter Training program through the Office of the State Fire Marshal. (360) 753-0367.**

## PREREQUISITES

It is the intent of the Fire Training Academy to comply with Washington Administrative Code 296-305-01509 (7) personnel. Individuals and/or employers must ensure the Fire Training Academy that the following requirements are met and that documented proof is available.

### **Student has:**

- \* IFSAC Firefighter 1 and Hazardous Materials Operations certification (copy required with registration).
- \* High School graduate or GED equivalency.
- \* Valid driver's license at time of training.
- \* At least 18 years of age.
- \* Passed a firefighter medical examination that meets the minimum medical standards adopted by the Association of Washington Cities and the Washington State Association of Fire Chiefs or meets their current employer's medical requirements.
- \* Current Fit test that meets WAC 296-305-04001, Respiratory Equipment Protection.
